Former Projects/Accomplishments

Participating in Hackathon

Jan 2024
- Tried building a game.
- It turned out pretty well
- We still didn't win

Building a Smart Security System

Mar 2025 - Now
- Implemented a clever system based on IOT to make homes more secure.
- Collaborated with two more engineers, and managed to implement many useful features.
- Features include proximity detection, maintain logs of attempts at a breach, integration of a camera at the door, use of a gas sensor to detect smoke in house, and so on.
- Yet to be fully completed, so a work in progress.

Educational Background

LKG to 2nd grade - National Public School

3rd grade to 7th grade - Oxford Grammar School

8th grade to 12th grade - Teoler High School

- Gave STSE exam and cleared it.
- Cleared JEE MAINS and ADVANCED via taking coaching in this school.

College - IIITH

Here's where I am now

Skills

Technical Skills
- Coding
- Software Development
- Data Analytics
- Video Editing

Tools/Sofware
- C/C++
- Python
- HTML/CSS/JavaScript
- MySQL/MongoDB
- Bash/Git

Languages
- English (Fluent)
- Malayalam (Fluent)
- Hindi (Fluent)

Courses
- Intro to Software Systems
- Data Structures and Algorithms
- Introduction to Internet of Things

Additional Information

- Have played chess on a professional level.
- JEE MAINS rank - 658
- JEE ADVANCE rank -2558
